

Doodle Zone Birthday Party Information

We do all the work! You have all the fun!

How it works

1. The Doodle Zone becomes your own private party space for 1 ½ hours.
2. Two amazing Snapdoodle Toys team members will help 10-15 kids with a craft
3. We take care of all set up and clean up
4. The first hour is craft time, which means you get to sit back while we work with the kids on your chosen craft theme.
 - a. We also offer face painting or glitter tattoos for a small add-on charge
5. The last ½ hour is yours to do cake/food and open presents. We will still be there to help in any way we can.
6. When the party is over each kid takes home the craft they made and all you have to do is put the presents in the car.

What it costs

1. Each party is \$200 (plus tax) for 10 kids
2. You can have up to 15 kids
3. After 10, there is an additional charge of \$8 per child
4. Face painting or glitter tattoos can be added for a charge of \$15
